

Beverly Yee

Beverly Yee is the Assistant Deputy Minister (ADM) of Strategy Division for Alberta's Ministry of Environment.

As ADM for Strategy, Bev is responsible for external relations and partnerships, strategic foresight and development, system oversight, transboundary negotiations and Alberta Environment's participation in the Land-use Framework.

Bev has led the development of Alberta's *Water for Life* strategy, Alberta's Climate Change Strategy, as well as the Ministry's recent reorganization to a cumulative effects management system. She is also leading the renewal of Alberta's Clean Air Strategy.

Since joining Alberta Environment in 1994 she has held a number of executive management positions and was previously ADM for Environmental Assurance and Environmental Stewardship.
